

## NEW COLLEGE, SWINDON

### SITUATION

A brand new campus was created to accommodate sixth form facilities as well as higher and adult education learning for the community in East Swindon. A multi faceted stakeholder funding arrangement ensured sufficient funding was available and created the impetus for the modern, high tech and innovative facility.

### THE COMMISSION

The college maintained its services to the community and pupils through out the project which required a lot of detailed and complex planning as the new campus was located centrally to the college premises. The new facilities provided a large range of services including a county championship standard sports hall and fitness training facility, state of the art Performing Arts facilities, resource rooms, food hall and cafes all with modern building design with energy performance central to the buildings future use.

### OUTCOME

Despite difficulty in obtaining planning permission and the complex funding structures the project completed on time and to a high specification finish.

### PROJECT VALUE

£15m

### PROJECT DURATION

24 months

### FORM OF CONTRACT

JCT Design and build
